Jürgen Schlumbohm

This publication is supported by COST (European COoperation in the field of Scientific and Technical Research), the Archives of Rural History (Bern, Switzerland) and the Centre de Recherches Historiques (CNRS/EHESS, Paris, France). It is the result of the work undertaken in the working group 4 'State and rural societies' of the COST Action A35 "Progressore".

Cover: ©. Science in practice: the introduction of a new harvester in the 1950s. ©. Archives of Rural History, Bern (<http://www.agrararchiv.ch>)

This is a highly fragile area, hit hard by erosion, desertification, salinization of agricultural land and fires which destroy the vegetation and result in further soil erosion.
